**Apiari LLC is a healthcare consulting and organizational development firm. We are a small business founded in 2014 that provides high-quality consulting, evaluation, and education across the health care continuum. Apiari is composed of five divisions:**

- Public Health
- Primary Care
- Long-Term Care and Assisted Living
- Acute Care
- Healthcare Analytics/ Education

**Healthcare Improvement** - We help teams build processes that improve clinical outcomes and to partner with patients to improve health care experience:

- Quality assurance
- Process improvement
- Evidence-based practice
- Metric development
- Data collection systems
- Regulatory readiness
- Regulatory rescue
- Person-centered care

**Organizational Development** - We help teams increase effectiveness, efficiency, and accomplishment of organizational goals:

- Strategic planning
- Coaching & Leadership development
- System design
- Team building/Employee engagement

**Project Management** - We work with organizations to plan, initiate and execute practical solutions in an effective manner:

- Project planning
- Transition planning
- System design
- Change management

**Professional Development** - We provide facilitated learning and coaching designed to improve both the knowledge base of individuals and the competency of your organization:

- Professional development systems
- Competency-based learning
- Curriculum building
- Preceptor development
- Needs assessments
- Customized classes

**Strategic Purchasing/Procurement** - We provide assistance in choosing the best equipment for clinicians and organizations, implementation and education, and equipment life cycle management:

- Facilitation of impartial product assessments
- Sourcing strategies
- Implementation management
- Strategic capital planning

### Differentiators

- Exceptional client relationships
- Expertise-based consultants
- Dedicated one-on-one support
- Customized services and programs
- As a small firm, our lower operating costs allow for more competitive pricing without sacrificing quality
